Team reports

1. Team Main Graph: Two units per report regardless of the number of profilees in the group.
2. Team Paradox Graph: Two units per report plus two units for each profilee who has not already used a Paradox Graph (and Narrative) or reached a 6 unit maximum. If the Paradox Module is generated after the profilee is run against the Team Paradox Graph, two units will be attributed to the Paradox Graph (and Narrative). These 2 units will be attributed toward the 6 unit maximum.
3. Trait Export: Two units plus two units per profilee who has not already used a Traits and Definitions or reached the 6 unit max. If the two units are charged for the profilee, it is attributed toward the Traits and Definitions report and/or the 8 unit maximum.

Career reports are one unit per report and maximum of 2 units for the three reports.

Additional career comparisons are one unit for every two comparisons.
